National Science Day celebrations at CSIR

National Science Day, celebrated annually on Feb.28, marks the discovery of the Raman Effect by Sir C.V. Raman. This year, CSIR-SERC and CSIR Madras Complex (CMC) celebrated the event on Mar.6 with great enthusiasm. Dr. N. Anandavalli, Director, CSIR-SERC and Coordinating Director, CMC, presided over the function, emphasising the significance of science in everyday life and its role in India's progress. The chief guest, Prof. Dr. Stephan Grill - Director of Max Planck Institute of Molecular Cell Biology & Genetics (Germany), delivered a lecture on the 'Physics of Life', discussing living systems and molecular motors.

As part of the celebrations, the sec-

ond edition of the Dr. N. Lakshmanan Memorial Science Quiz Competition was held on Feb.28 for Greater Chennai Corporation School students. Organised by A.K. Farvaze Ahmed and his team, the quiz saw participation from 93 students across 31 schools. CHSS - Virugambakkam won first place, followed by CHS - Korattur and CHS - Padikuppam. Trophies, shields, and prize money were awarded to winners by Dr. Anandavalli.

The event highlighted the theme 'Empowering Indian Youth for Global Leadership in Science & Innovation for Viksit Bharat', fostering scientific curiosity among young minds.

MIT's 27th batch alumni celebrate '50 Years of Togetherness'

The 27th Batch (1975-78) alumni reunion of Madras Institute of Technology (MIT) was celebrated as '50 Years of Togetherness' on Feb.24, at MIT, Anna University - Chromepet campus. The golden jubilee event was graced by Dean Dr. K. Ravichandran as the chief guest.

The reunion brought together PG DMIT graduates from aeronautics, automobile, electronics, and instrumentation engineering, reflecting on their careers spanning defense, education, public and private sectors. Several attendees had traveled from the USA, Australia, Canada and Singapore to be part of this nostalgic occasion.

Notably, N.Rangamani (retired Air India Engineering Executive) and R.Veluchamy (retired CEO, Tata International Senegal), both Adyar residents, played key roles in organising the event.

Their batch was the last to be awarded the DMIT before MIT merged with Anna University. Former professors were honoured, and alumni expressed deep gratitude to their mentors.

Post-reunion, alumni and their families gathered at a beach resort for

music, fun games, yoga, and spiritual talks by batchmates. The team plans to meet again in 2028, marking 50 years since their graduation.

St. Patrick's honours IPS office S. Rajeswari on Women's Day

The 150-year-old St. Patrick's Anglo-Indian Higher Secondary School celebrated International Women's Day with grandeur, honouring the strength and achievements of women. The event was graced by S. Rajeswari, IPS, a President Medal recipient for Meritorious Service, as the chief guest.

Addressing the students, she urged young girls to dream big, pursue education, and prioritise personal growth. She credited her mother's unwavering support and her grandfather, the late P.Kakkan, a former Home Minister, as key inspirations in her journey into the In-

dian Police Service.

Adding to the celebration, Kokila, an alumna from the school's first co-educational batch, shared insights on women's empowerment. Students honoured teachers and staff through dance, speeches, and a symbolic formation representing womanhood.

Principal Rev. Bro. John Kennedy and Vice Principal Rev. Bro. John Paul Suresh expressed gratitude to the women staff, reaffirming the school's commitment to equality and empowerment. The event concluded with a pledge to uphold the spirit of Women's Day every day.

of Women's Day, while Geetha Kriparamanan presented the Annual Report, detailing the group's achievements over the past year. Dr. Santhi Sukumaran addressed the audience, highlighting the pivotal role of women in shaping society.

The event's chief guest, Dr. Krithika Muthusamy, a gynecologist from PM Hospital, Adyar, emphasised the importance of regular exercise, including walking, particularly for senior women. She also urged them to undergo periodic medical tests to detect and prevent serious illnesses such as cancer.

Besant Nagar crematorium polluting neighbourhood

■ Here is a photo taken on Mar.7 showing immense smoke, soot and minute particles emanating from the chimneys of the Besant Nagar electric crematorium causing an immense health hazard to the entire neighbourhood comprising Jayaram Avenue, Ramasamy Avenue, SBI Colony, Ellaiyamman Koil Street, RBI Staff Quarters etc.

I sincerely appeal to Tamil Nadu Pollution Control Board Management, GCC Commissioner, city health department to look into this matter as it creates health problems among the senior citizens, women and children. Periodic inspection of the electric crematorium, its technology and the machines used is very vital to ensure minimum emission of soot, dust and smoke. It is sincerely hoped that prompt action will be taken by the above authorities at the earliest.

Commendable job by Adyar Police

■ We are senior citizens living in Gandhi Nagar Adyar for several years. On Mar.12, we went to the police booth on 3rd Main Road to complain about our ex maid for not returning the hand loan taken from us. Mr.Ibreem at the booth politely requested us to complain to the police station to initiate action. Accordingly, we lodged the complaint at the Adyar Police Station. Constable Shiva gave us the necessary stationery to make the complaint and politely assured us that they would take necessary action. This was around 5.30 pm.

Constable Shiva had immediately called and warned the maid. Around 7 pm the maid came and made a part payment and agreed to settle the balance in 6 months.

We wish to place on record our appreciation to Adyar Police Station, especially Constable Shiva for his exemplary service. We are convinced that Chennai Police are doing a commendable job! Keep it up!

Pet poop menace

■ In recent times, the number of people who have pet dogs have increased a lot. However, the number of people, who take the dogs out for a walk, fail to clear the poop that their pets leave on the sides of roads in Besant Nagar, Vannanthurai areas, which is stinking of poop. Since this is a civic problem, it needs the attention of Civic Authorities.

- N. Mahadevan, Vannanthurai.

Defaced street nameboards

■ About six to seven years back, the Greater Chennai Corporation had taken lots of efforts to install the street name boards in blue colour in almost all streets in Chennai.

However, these boards have been misused to paste a variety of posters. Some of these street boards look shabby, and are an eyesore. Unable to know the name of the road we wander here and there.

One such board is installed at the fag end of T. M. Maistry Street, Vannanthurai, Thiruvamiyur (Photo here). Despite pointing it out multiple times, this has not been rectified. We feel the GCC should take a serious note of such disfiguring

of public property and penalise the institutions / persons defacing the boards and put an end to such malpractices.

- S. Venugopal, Vannanthurai.

Speed Breakers on the crossroads at Gandhi Nagar

■ Through these columns, I would like to bring to attention that there are no speed breakers at the crossroad of the 2nd Main Road leading to the Grand Sweets, from the Cancer Institute side. Often, speeding vehicles, two wheelers particularly, have a near miss at the junction near the Pazhamudir Nilayam.

The 3rd and the 4th Main Roads, beside the police booth, have speed bumps. To ensure the safety of motorists and pedestrians, all the crossroads of Gandhi Nagar require speed breakers. Likewise, the CCTV cameras at all places ought to be functional.

- Hema Ravi, Gandhi Nagar.

Rise in civic taxes

■ The State government has inflicted a steep rise in the Property Tax, Water supply and sewage charges progressively starting 2022-23. The increase has been up to and even more than 50%.

It is worse that no notice has been served on the gull-

ible citizens, and the tax collector even refuses to record the tax collection in the Property tax demand card and the Water and sewage tax cards issued for this purpose.

This scandalous approach by the departments is deplorable. In the absence of the required entries in the card, citizens feel harrassed and confused while making the next payment. The concerned authorities should intervene and take immediate steps to ensure that the Notice for the rise and the entries for payment are recorded in the respective cards.

QR Code for safe auto and taxi rides

Tamil Nadu Chief Minister M.K. Stalin on Mar.7, launched a QR code-based police assistance system for passengers in auto-rickshaws and taxis in Chennai. The initiative, spearheaded by the Greater Chennai Police, aims to provide commuters, particularly women and children, with a quick and reliable way to seek help in case of an emergency.

The system utilizes unique QR codes for each vehicle that are displayed behind the driver's seat. Passengers can simply scan the code with their smartphones. If they feel unsafe or encounter any problem during their journey, they can press the SOS button within the QR code system. This will instantly send an alert message with the vehicle's location and other relevant details to the police control room. Additionally, passengers can directly call

the emergency number 112 for immediate assistance.

This technology enables real-time tracking of the vehicle and facilitates a faster response from law enforcement agencies, especially during late hours or in less populated areas. The Chief Minister emphasised the importance of passenger safety and highlighted the

government's commitment to leveraging technology for better public services.

The Police are also collaborating with popular ride-hailing applications like Ola, Uber, and Rapido to integrate their emergency response systems with the police control room. This means that any distress call made through these apps will also be di-

rectly communicated to the police, allowing for swift action.

With over 89,000 auto-rickshaws operating within the city, this initiative is expected to significantly bolster passenger safety and create a more secure transportation environment in Chennai. The project is being rolled out in phases, with the initial focus on autos and taxis. The government plans to expand this system to other modes of public transport in the future.
